

Dear Friend of MDA:

For the past 14 years, motorcycle riders from around Northeast Wisconsin have come together to raise much needed funds for the Muscular Dystrophy Association (MDA) in the Packerland Ride. This event is made possible from the generosity of many valuable ride sponsors. We invite you to sponsor this year's Packerland Ride on Saturday, June 7.

The Packerland Ride is the largest single day fundraiser for MDA of Northeast Wisconsin. The Green Bay Harley Owners Group and McCoy's Harley-Davidson of Green Bay proudly sponsors this event.

Muscular Dystrophy Association is a national agency with scientists and concerned citizens aimed at conquering any of the 43 neuromuscular diseases affecting more than one million Americans. Your sponsorship locally supports:

- MDA Summer Camp,
- Assistance in purchasing wheelchairs, leg braces and communication devices,
- Complete examinations at the MDA Clinic at St Vincent Hospital,
- Patient and family education plus support groups, and
- Physical, occupational, speech and respiratory therapy evaluations.

Because volunteers do much of the work at MDA, administrative costs are kept to a minimum, which provides more funds for MDA services.

As a ride sponsor, you receive many benefits including television promotions, your logo on the event T-shirt, your logo on the event poster, and a listing in the Ride Event Guide. Refer to the Ride Sponsor Benefits schedule for a complete list of benefits.

Please take the time to make a difference by completing the attached sponsorship form and sending it in. It is through your support that MDA services are made possible.

Thank You,

Green Bay Harley Owners Group
